

# Building Confidence through Partnership Clinic with Chris Wzorek

Sunday, June 24<sup>th</sup>, 2018  
Starting at 10:00 AM

## Canterberry Acres

76 East Charlton Road, Spencer, MA

**Are you looking for your horse to be a willing, respectful, and confident partner? Are you looking to gain confidence in your skills handling a difficult horse in hand?**

In this clinic you will learn the fundamentals of building a partnership with your horse that will turn them from spooky and unwilling, to confident and attentive! You will learn different ways of safely handling your horse on the ground, while at the same time teaching you how to get your horse to start interacting with you in a more positive manner, through gaining their trust and respect. You will also learn the proper tools to handle situations that occur when your horse loses focus or behaves disrespectfully.

### **Face that fear! Desensitizing (bombproofing) session**

No horse is truly bomb proof. But what they are, is prepared. They are trained how to handle themselves when they feel fearful. In this session we will cover steps to helping you teach your horses how to handle themselves when their fight or flight response is triggered. It is recommended to take the fundamentals session if you plan to participate in the desensitizing session as this will build off those skills.

This will be an unmounted clinic. Limit 4 participants per session. 40 min. duration. The fee will be \$45 per session. \$80 for both. Participate in both the sessions and save \$10!

Don't have your own horse? No problem, contact Chris to find out about renting a horse for the clinic!

### **Demo**

There will be a brief demo to kick off the clinic at 10:30 AM with Chris's own personal horses to show the participants just what really is possible when trust and respect are used to build a relationship.

### **There will be three time slots for the clinic (fourth if needed):**

- |                                     |                                     |
|-------------------------------------|-------------------------------------|
| > Fundamentals: 10:50 AM - 11:30 AM | > Desensitizing: 12:30 PM - 1:10 PM |
| 11:40 AM - 12:20 PM                 | > Extra: 1:20 PM - 2:00 PM          |

**There will be registration for the clinic from 10:00-10:30 AM. Please sign in and fill out release waivers during this time before the clinic starts at 10:30AM.**

### **Contact Chris to sign up via email, call, or text.**
